

MATHS

Research the possible heights of eight mythological creatures. Plot these onto a bar chart.

Complete a survey of family and friends to ask what their favourite mythological creatures are. Put these into a tally chart and then create a bar chart to show your results.

DESIGN & TECHNOLOGY (2-week homework)

Create a 3D model of a mythological creature. The design criteria to follow is:

It must be made from two or more materials, it must be able to stand on its own, it must have at least three colours and it should be no larger than 30cm wide or tall.

ART & DESIGN

Draw or paint a fictitious scene which includes three mythological creatures. Use a range of colour or you can use pencil to create a shaded black and white sketch.

Research a famous artist who has drawn mythological creatures. Print off a picture and discuss what you think about it (at least 8 sentences please.)

Deer Class - Autumn Term 1

Fantastic Beasts and Where to Find Them Homework

As well as weekly reading and spelling practise, for our new topic this half term, I would like you to help your child to get involved at home with a range of activities.

The children can choose which order to in which to complete the suggested ideas;

Children need to complete one piece of homework per week (except where it is stated that the homework is a two-week piece).

Creations are to be returned each **Thursday (13/9, 20/9, 27/9, 4/10, 11/10).**

I cannot wait to see what you come up with!

ENGLISH

Rowling, Pratchett, Tolkien and Pullman; there have been many authors of fantasy books which have included mythological creatures.

Research the lives and books written by a fantasy author and write a biography of them. 1 side of A4 please.

COMPUTING

Choose a society (for example Roman, Greek, Egyptian) and find images of the mythological creatures from this era.

Create a collage of these creatures and include a title, border and text box to name each creature.

PSHCE

Mythological creatures were often captured, imprisoned or killed. Do you think this is ethically correct? Did these creatures deserve this fate?

What would happen if they were allowed to roam free?

Write a discussion text explaining both sides of the argument. Finish by stating what you think (at least 8 sentences please).
