

English

In English during this half term, we will be linking most of our writing to our Geography theme of Brazil and the Amazon rainforest.

- Persuasion/letter writing
- News reports
- Discussion

Science

In Science during this half term, our focus will be to explore evolution and inheritance.

We will be learning to:

- Recognise that living things have changed over time.
- Identify how plants and animals have adapted.
- Recognise that living things produce offspring which, although similar, are not identical to their parents.

Geography

In Geography this term, our focus will be to investigate South America.

We will be learning to:

- Build knowledge of key physical and human characteristics of South America.
- Identify similarities and differences between the UK and South America.
- Use maps and atlases to locate different places and landmarks within South America.

Maths

In Maths during this half term, our objectives will focus on:

- Read, write, order and compare numbers with up to 3 decimal places
- Solve problems involving number up to 3 decimal places
- Draw given angles, and measure them in degrees (°)
- Recognise angles where they meet at a point, are on a straight line, or are vertically opposite, and find missing angles.
- Interpret and construct pie charts and line graphs and use these to solve problems.

Stag Class - Summer 1 Curriculum Grid

PE

We will be taking part in PE on **Tuesday and Thursday**. The children will need to come to school in their PE kits for these days.

We will be learning to improve our skills in team-games. We will look at both attacking and defending skills and explore how to work as a team efficiently and effectively.

RE

This half term in RE, we will be exploring religious diversity in our local area.

We will be exploring:

- Different places of worship.
- Similarities and differences between religions.

Computing

In computing this half term, our focus will continue to be in the use of Information Technology.

We will be learning to:

- Save, retrieve, modify and move files.
- Change font size, backgrounds, and manipulate text.
- Use the spell check and formatting functions effectively.

Design Technology

In D&T this term our focus will be **Mechanisms**

We will be learning to:

- Use research to create ideas and refine them to develop design criteria.
- Use appropriate tools and materials to create a moving object.
- Evaluate ideas and products and consider how to improve.

Personal, Social, Health, Relationship and Citizenship Education

I is in United, Teamwork's the Prize

In PSHRC this term our focus will be **Teamwork**

We will be learning to:

- See a situation from another person's perspective.
- Understand and use peaceful problem-solving solutions.
